Taal Vista Hotel demonstrates its dedication to environmental care and sustainability by implementing initiatives across its operations. Through the Green Sip: Tumbler Buddy initiative, the hotel actively encourages its clients to participate in this eco-friendly endeavor by bringing their own tumblers. This small yet impactful switch from using glasses and cups significantly contributes to the betterment of the community and the environment.

But the hotel's commitment doesn't end there. Enter Project B.Y.O.D!

Project B.Y.O.D (Bring Your Own Device) urges clients to take their involvement a step further by bringing their own digital devices—laptops, mobile phones, tablets, or iPads—to meetings. By utilizing these devices as notepads, the need for banquet pads and pencils are eliminated, further reducing waste and advancing sustainability goals. Groups who join the project will receive a special gift from the hotel and will be featured on Taal Vista Hotel's page in the photo album titled "Green Warriors."

Join Us in Supporting Sustainability:

1. Who Can Join: This is open to groups with at least 60 participants.
2. Participation Requirement: To support our sustainability goals, we encourage all participants to bring their personal tumblers or digital devices, such as laptops, mobile phones, tablets, or iPads, for use during their meetings.
3. Incentive for 100% Participation: Groups that achieve full participation will receive a special gift and may choose one of the following rewards:
 - Assorted Pasalubong goodies worth Php 1,000
 - Two complimentary driver's quarters with a packed meal
 - One complimentary 8" whole cake (choice of Sacher, Tiramisu, or Carrot Cake)
 - Two Rain, the Spa gift certificates, each with a 15-minute back massage
4. Compliance: Please note that non-compliance with the participation requirement will result in instant disqualification from receiving the special gift.

With its fully furnished meeting facilities and quality service, Taal Vista Hotel is an excellent venue for conventions and business meetings. Each modular function space offers a refined sense of style and purpose.

As part of the hotel's precautionary efforts, the seating capacity for function rooms and events spaces has been recalibrated to ensure compliance with social distancing protocols. This is to further assure the health of each guest and event attendee.
